

DEEPAK MUDILI

Python GenAI Engineer | FastAPI | RAG | LangChain | LLM Applications

+91 9110721434 | Deepakmudilli@gmail.com | India | [Live Project](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Python GenAI Engineer with 2 years of experience building AI-powered applications, FastAPI microservices, REST APIs, RAG pipelines, semantic search systems, and LLM-integrated workflows. Skilled in Python, FastAPI, LangChain, OpenAI API, ChromaDB, FAISS, PostgreSQL, SQL Server, Vector Embeddings, and Swagger/OpenAPI. Experienced in resume parsing, PDF processing, recruiter copilots, candidate ranking, authentication workflows, cloud deployment, SDLC, and Agile delivery.

TECHNICAL SKILLS

Languages	Python, SQL, JavaScript
GenAI / LLM	LangChain, OpenAI API, Groq API, Llama 3.1, RAG, Prompt Engineering, Vector Embeddings, Semantic Search
Backend	FastAPI, REST APIs, Microservices, JWT Authentication, Swagger/OpenAPI
Databases / Vector DB	PostgreSQL, SQL Server, ChromaDB, FAISS, SQLite, Supabase
AI & Data	PyMuPDF, Resume Parsing, PDF Processing, Pandas, Data Validation, APScheduler
Cloud & DevOps	Git, GitHub, Render, Netlify, Environment Variables

PROFESSIONAL EXPERIENCE

LTIMindtree | Software Developer March 2024 - Present | India

- Engineered **Python FastAPI microservices**, REST API workflows, and GenAI integrations supporting enterprise data and application workflows.
- Built and optimized **RAG pipelines** using LangChain, vector embeddings, and semantic retrieval for context-aware AI response generation.
- Resolved API, database, and application issues by analyzing logs, validating SQL queries, testing endpoints, and coordinating fixes.
- Partnered with cross-functional teams across the SDLC, including requirement analysis, Agile delivery, sprint planning, testing, and deployment validation.
- Improved application stability and delivery quality through structured unit testing, API testing, debugging, and peer code reviews.

PROJECTS

AI Hiring Intelligence Platform - Python / GenAI | [Live Demo](#) | [GitHub](#)

Tech: Python, FastAPI, LangChain, RAG, Groq API, Llama 3.1, ChromaDB, Supabase PostgreSQL, PyMuPDF

- Built an end-to-end AI hiring platform for resume analysis, recruiter workflows, candidate ranking, semantic search, and hiring analytics.
- Implemented **RAG pipelines** using LangChain, ChromaDB, vector embeddings, and semantic retrieval for intelligent candidate matching.
- Integrated Groq API / Llama 3.1 to generate candidate scores, matched skills, missing skills, feedback summaries, and interview questions.
- Designed FastAPI REST endpoints for login, job posting, resume upload, recruiter copilot, analytics, and hiring decisions.
- Parsed resumes using PyMuPDF and stored user, job, application, score, and resume data in Supabase PostgreSQL.

PwC Customer Data Management System - Python Backend

Tech: Python, FastAPI, REST APIs, JWT Authentication, SQL Server, Swagger/OpenAPI, Infomaker

- Developed and maintained FastAPI services for enterprise customer data management and CRUD workflows.
- Secured APIs using JWT authentication and CORS policies; integrated frontend applications with backend services.
- Optimized SQL Server queries, joins, indexes, and stored procedures for high-volume data processing.
- Created reporting workflows using Infomaker and supported API validation through Swagger/OpenAPI.
- Reduced application issues by 50% through unit testing, API testing, debugging, and peer code reviews.

AI Meeting Assistant - Python / GenAI

Tech: Python, FastAPI, LangChain, OpenAI API, RAG, FAISS, SQLite, APScheduler

- Built a FastAPI application for meeting scheduling, notes management, and automated reminders using APScheduler.
- Integrated LangChain + OpenAI API to summarize meeting notes and extract action items automatically.
- Implemented semantic search using OpenAI Embeddings + FAISS to retrieve relevant notes across sessions.

EDUCATION

B.Tech - Electrical & Electronics Engineering | LPU University, Punjab | 2023 | CGPA: 7.1

Diploma - Electrical & Electronics Engineering | Avanti Institute of Engineering & Technology | 2020 | 82%

CERTIFICATIONS

Microsoft Certified: Azure AI Fundamentals (AI-900) | 2023 | Issued by Microsoft

Ignite Certification - LTIMindtree | 2023 | Batch 1
